

HEALTHCARE

PROJECT PORTFOLIO

Midland Lead Ltd is a specialist UK-based manufacturer of lead sheet, lead-lined boards and other lead-related products for radiation protection in the healthcare sector.

With our knowledge of shielding technology and over 30 years of experience in manufacturing lead sheet, we have supplied radiation solutions to healthcare projects all over the UK and further afield – from lining MRI and X-ray rooms in Mater Hospital (Dublin, and providing radiation protection for the World Cancer Research Fund (London) to supplying lead-lined boards to Sidra Hospital in Qatar.

Below a list of projects (NHS, private and international) where our radiation shielding solutions have been applied:
